- Preyavart Gadhavi – Principal – Energy
- Kabir Chal – Principal – Real Estate
- Marina Johnson – Associate – Responsible Investing

Event Description:

This session is for: MBAs

Jobs available: MBA roles in Private Equity with sector focus in Real Estate and Energy & Infrastructure

Why attend: Join us at our upcoming company presentation to gain an insight into a career in Private Equity and learn more about our MBA opportunities within our asset classes

Purpose of Role: The Summer Intern role involves working as a member of a deal team in one of our Actis locations, applying research, analysis and financial modelling skills to assist in the discovery and tracking of investment opportunities and to support Investment Professionals in executing and managing transactions. This will encompass gaining exposure to the different phases of originating and executing upon investment opportunities and may be involved in portfolio management or an exit process. During the 10 week (depending on business school) placement, you will spend one week in London at Actis HQ giving you the opportunity to learn more about Actis and the firm’s core values. You will meet and network with Partners as well as other senior management and fellow Summer Interns. We have recently very successfully completed the most recent intake despite COVID and we hope be back in person for the next programme – read more about how we went about creating an impactful remote internship here.

What to expect: Actis is a leading investor in growth markets across Africa, Asia and Latin America. We deliver consistent, competitive returns, responsibly, through insights gained from trusted relationships, local knowledge and deep sector expertise. Founded in 2004, we have an unparalleled heritage in growth markets, set within a culture of active ownership. We have raised US$19bn since inception and employ over 300 people, including a
team of c. 130 investment professionals, working across 17 offices globally. Our investors’ capital is at work in c. 70 companies around the world, employing over 116,500 people.

Actis is proud to actively and positively grow the value of those companies in which it invests and in so doing contribute to broader society, and the firm employs Responsible Investment teams that are dedicated to implementing best practices from an Environmental, Social and Governance perspective with each of its investments.

Actis is a signatory to the United Nations backed Principles for Responsible Investment (UNPRI), an investor initiative developed by the UNEP FI and the UN Global Compact. The firm has been awarded the highest rating score, A* for the fourth consecutive year in the UN Principles for Responsible Investment (PRI) independent assessment. Actis was recently named 2020 Private Equity Manager of the Year and also won the 2020 climate change impact project/investment of the year both by Environmental Finance.
