Global Financial Management Associate Program: Lunch with Leaders Series

From providing the data and analysis that enable our leaders to make sound decisions, to being a strategic partner and trusted advisor to every part of Citi, you can help drive solutions to meet global challenges through the summer and full-time Financial Management Associate (FMA) Program. Moderated by current FMA Imah Effiong, join us for a conversation with Citi's Global Consumer Bank Chief Financial Officer Susan Kendall and the Mexico/Latin America Chief Financial Officer Francisco Tobias Marin on the value of this leadership development program in Citi Finance.

Date: October 8, 2020
Time: 12:00PM-1:00PM ET

Participation Details: Virtual participation details will be shared with those who register for the session

Register for this event [here](#) by October 7.
CITI FINANCE OPPORTUNITIES

Citi Finance is a core function within the organization that offers a diversity of developmental opportunities and exposure across all businesses through the summer and full-time Financial Management Associate programs. These programs are a critical component of our junior talent strategy and align with our goal to create a global pipeline of future leaders with Citi Finance.

Opportunities are available in various Finance disciplines:
- Financial Planning & Analysis
- Treasury
- Controllers
- Investor Relations
- Corporate Mergers & Acquisitions

Summer Financial Management Associate Program:
- Open to current first-year MBA students graduating December 2021 - June 2022 for the Asia Pacific, EMEA, Mexico and North America regions
- Ten-week internship assigned to one of the above disciplines
- Career development opportunities with access to mentors and an expansive network
- Weekly speaker events with senior leaders across the Finance organization
- Offers made to selected candidates for full-time program

Full-Time Financial Management Associate Program:
- Open to current second-year MBA students graduating December 2020 - June 2021 for the Asia Pacific, EMEA, Mexico and North America regions
- 18-month global rotational leadership development program
- Introductory classroom training to build technical and analytical skills as well as industry knowledge
- Cross-functional exposure with opportunities to broaden skill sets, develop analytical skills and build professional leadership capabilities
