# WE HELP TRANSFORM ORGANIZATIONS AT ALL STAGES OF GROWTH

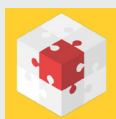

Tap our experts for recruiting support and insights across a full range of industries and company growth stages.

## Global. Established.

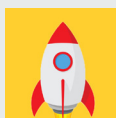

For large organizations seeking to connect with many candidates, our recruiting experts guide you in selecting from event options and tools to create a customized strategy that works for you.

## Building. Expanding.

For rapidly growing companies, we're your partner in filling both pivotal and fundamental roles, bringing creative ideas for connecting with diverse talent to drive your growth strategy.

## Innovating. Launching.

For startup organizations, we help you solve for your unique and evolving hiring needs with a variety of just-in-time options. No pipeline is too small. If you only hire one, hire a Sloanie.

*“Bring us your challenges, whether it’s finding talent, inspiring your leadership or accessing our innovative thinking, and we’ll make transformation happen.”*

– Susan Brennan, Assistant Dean,  
MIT Sloan Career Development Office

Fill your pipeline with candidates from our program portfolio – from early- and mid-career to executive-level talent.

## MBA

The next generation of leaders trained to challenge convention and solve the most complex modern business problems in an era of disruption.

## Leaders for Global Operations

Dual-degree candidates in Engineering and Management who bring innovative leadership experience and advanced technical skills.

## Master of Finance

High achievers with expertise in financial markets, advanced quantitative skills, and applied problem-solving experience.

## Master of Business Analytics

Early-career professionals who solve real-world business challenges using modern tools of data science, optimization, and machine learning.

## Master of Science in Management Studies

Global and affiliate partner school MBA candidates leading business innovation in their area of specialization.

## MIT Sloan Fellows MBA

High-potential global leaders with deep industry knowledge who are motivated by learning and leading international organizations.

## MIT Executive MBA

Established, mid-career executives driven to innovate, inspire change, and make an impact in their organizations and communities.

All programs are STEM-designated programs.
