

MIT Sloan Master of Business Administration

# MBA

## Invent the future. Start with yours.

Through intellectual rigor and experiential learning, the full-time, two-year MIT Sloan MBA program develops leaders who make a difference in the world.

### START WITH THE CORE. THEN FOLLOW YOUR OWN PATH

Our curriculum is as individual as you are. It's flexible and customizable, letting you target your specific aspirations. You'll be challenged and inspired, working collaboratively with students, faculty, and global organizations.

#### 1 Semester Core

With 6 core courses, an elective, and the opportunity to start a Certificate.

#### 3 Semesters of Elective Courses

215 MIT Sloan electives and hundreds of MIT courses, plus the opportunity to cross-register.

#### 6 Certificates

Business Analytics, Entrepreneurship & Innovation, Finance, Healthcare, Product Management, and Sustainability.

#### 15+ Action Learning Labs

Take the idea of learning-by-doing to a whole new level.

#### 3 Dual-Degree Options

MIT Leaders for Global Operations, MIT Department of Urban Studies and Planning, and Harvard Kennedy School.

#### Global Learning Opportunities

Explore specific geographic regions, industries, and topics through MBA Study Tours, MIT Sloan Treks, and onsite action learning labs.

#### EXPLORE YOUR

## OPPORTUNITIES

You are driven by opportunity for growth and impact. At MIT Sloan, our culture of exploration and collaboration opens a world of exciting opportunities, whether you aim to join an industry-leading firm, a high-growth company, a new venture, or a social impact organization.

The Career Development Office is your partner in the next step of your career journey. We provide tailored educational experiences, personalized resources, and valuable industry connections to help you succeed in the MBA job market.

MIT Sloan Master of Business

# ANALYTICS

## Machine Learning for the Modern World

*The MIT Sloan Master of Business Analytics (MBAn) program is a 12-month, accelerated, doctoral-level STEM degree focused on applying the tools of modern data science, optimization, and machine learning to solve real-world business problems.*

### ONE-YEAR DEGREE IN ADVANCED ANALYTICS

The rigor of the MBAn program will give you the fundamental analytics skills, groundbreaking business knowledge, and innovative strategies for leading today's organizations. MBAn's advantages include:

#### 10 Required Core Courses

including Machine Learning, Optimization Methods, Advanced Analytics Edge, Intensive Hands-On Deep Learning, Analytics Lab, From Analytics to Action, Analytics Software Tools, Communicating and Persuasion with Data, AI Strategy, Governance and Ethics and the Analytics Capstone Project (see below).

#### 3–6 Focused Analytics Electives

choose from a wide range of electives, including Marketing & Product Analytics, Analytics of Finance, Product Management, The Law of AI, Big Data & Social Media, Quantitative Investment Management, Machine Learning for Healthcare, Sports Strategy & Analytics, Supply Chain Analytics, Product Design & Development, System Dynamics, Power & Negotiations, and many more.

#### Applied Analytics Capstone Project

a 7-month applied AI/ML/optimization project where student teams work with companies to tackle real business challenges. Past partner organizations have included: Accenture, Advent, Bangkok Bank, City of Boston, CMA-CGM, Comcast, Conagra, Ford, GE Appliances, Itaú Bank, Lineage Logistics, MassMutual, McKinsey & Co, Microsoft, Pfizer, Sanofi, Tampa General Hospital, UNICEF, and Unum Group.

#### Research Opportunities

with 50+ MIT Operations Research Center affiliated faculty and senior staff, in the form of paid research assistantships or independent study for academic credits.

### ACCELERATE

## YOUR CAREER

The Career Development Office cultivates relationships, resources, and learning experiences to empower your success in the job market. Our workshops and events connect you with industry leaders and alumni, helping you envision and shape your future. Your MBAn Career Advisor will work with you to create a tailored plan for achieving your professional goals.

## ELEVATE YOUR CAREER

At MIT Sloan, we invite you to embrace an empowering philosophy: You are the CEO of your career. Our dynamic culture of experimentation and innovation makes it the perfect environment to design the next stage of your career, taking action and ownership.

Our agile career management process gives you tools to identify and pursue opportunities, especially in the hidden job market. Whether you're aiming to advance within your current organization, pivot to a new industry, or launch your own venture, we're dedicated to supporting all executive transitions.

## Activate Your Potential

**CAM HEARD, SFMBA '26**

“The CDO was an invaluable partner during my Sloan experience. My career coach helped me map a forward-looking path grounded in my strengths and experiences and connected me with alumni whose careers exemplified the paths I was considering.

The CDO company engagement events further expanded my perspective, opening doors to opportunities and networks I wouldn't have found on my own.”

**SHIRA ROTEM KAFTZAN, SFMBA '26**

“My career coach played a major role in helping me navigate the networking process, prepare for important conversations, and approach the job search with more clarity and confidence. I always felt like I had people in my corner who genuinely cared and were willing to help whenever I needed advice or support.”
