MIT Nondiscrimination Policy: Commitment to Equal Opportunity

The Massachusetts Institute of Technology is committed to the principle of equal opportunity in education and employment. The Institute prohibits discrimination against individuals on the basis of race, color, sex, sexual orientation, gender identity, pregnancy, religion, disability, age, genetic information, veteran status, or national or ethnic origin in the administration of its educational policies, admissions policies, employment policies, scholarship and loan programs, and other Institute administered programs and activities; the Institute may, however, favor US citizens or residents in admissions and financial aid.

The Vice President for Human Resources is designated as the Institute's Equal Opportunity Officer. Inquiries concerning the Institute's policies, compliance with applicable laws, statutes, and regulations, and complaints may be directed to Ramona Allen, Vice President for Human Resources, Building NE49-5000, 617-324-5675. In addition, inquiries about Title IX and Title VI may be directed to the Institute's Title IX/Title VI Coordinator, Sarah Rankin, Room W31-223, 617-324-7526, idhr@mit.edu. Information about the grievance procedures and process for discrimination and discriminatory harassment, including how to report or file a complaint of sex discrimination, how to report or file a formal complaint of sexual harassment, and how MIT will respond is available at idhr.mit.edu. Inquiries about the laws and about compliance may also be directed to the United States Department of Education, Office for Civil Rights, 400 Maryland Avenue, SW, Washington, DC 20202-1475, OCR.DC@ed.gov.

Career Services & Employer Alliance

Accuracy in Reporting Employment Statistics

The MIT Sloan School of Management adheres to the Career Services & Employer Alliance (CSEA) Standards for Reporting Employment Statistics (cseaglobal.org). CSEA Reporting Standards are the only peer-reviewed, globally accepted framework for reporting MBA and business master's employment data, regularly updated to reflect market realities. Conformance to this business school industry standard ensures accurate and comparable employment data. MIT Sloan takes a leadership role to promote the importance of accurate and comparable employment and salary statistics to prospective students and employers.
